MONARCH'S

Saunterer, at 4 to I, Won the Opening Event Very Easily.

[RESCIAL TO THE EVERING WORLD.] SHEEPSHEAD BAY HACE TRACE, June 20 .-Clear blue skies and a gentle southerly breeze made it an ideal racing day at Sheepshead Bay to-day. The weather was delightful and the ocean breeze was most refreshing. The programme was the best that had been

seen since Suburban day, with three stakes on the card. It did just what the manage- ing results. ment expected it to do, brought out a large crowd, and it is no exaggeration to say that when the bugler called the horses to the post

It did not look like a large crowd, though, for the Sheepshead Bay grand stand now rivals the Morris Park and the Monmouth Park grand stands in size, and a thousand people look like a handful.

The three stake events on the eard were excellent ones. The Sheapshead Bay Handle SLAVIN SAILS FOR ENGLAND cap brought tegether the best of the all aged forses, and the Tidal Stakes sent to the post he cream of the crack three-year-olds. The earl Stakes brought out a fine lot of two-

Surf Stakes brought out a fine for or twe-year-cides.

No one expected to see the track in the fine condition that it was. From the soaking it had received in the post three days, one would expect to see it will heavy.

At an early hour harrows and drags were put upon it and the result was a fairly good track by neen. It was heavy in spots, it is true, but the whote was rapidly drying out.

The sport began with a dash of seven fur-longs in which a very fair class of sprinters came to the post. The talent made longford a favorite on account of his good race the other day, but there was always a good price

segainst him. Saunterer was heavily played and reigned second cheice throughout. India Rubber, Odette and several others were fancied. In fact, almost every horse in the race had back-

him patiently, and he won easily. Pagan, a 13-to-1 shot, just beat Longford out for the

because Berger had the mount that anything else, for the cell has been performing poorly. Foxford was second choice and he carried barrels of money. Portchesier was a good third choice, while Terrifler and surplus were the outsiders.

The race resulted in a heautiful fight between Portchester and Russell, the former getting the verdict by a nose. Terrifler was third.

The latter's number was hoisted for a conbut the Judges soon discovered their inistal and put up Russell's number.
